STOCKS MANIPULATED

PROFESSIONALS IN CONTROL, WITH INDUSTRIALS THE FAVORITES.

Important Changes on the Day Were Declines-Local Business Not So Active as During Last Week.

At New York, yesterday, money on call was easy at 1 per cent.; last loan, 1;

closed, 1. Prime mercantile paper, 3@4 per cent. Sterling exchange firm with actual business in bankers' bills at 34,90@4.90% for demand and at \$4.89@4.89% for sixty days; posted rates, \$4.89\\@4.90 and \$4.90\\@4.91. Silver certificates, 67@68%c; bar silver,

66%c; Mexican dollars, 63%c. At London bar silver was 301/4d per ounce. Total sales of stock were 250,226 shares, including: American Sugar, 46,200; American Tobacco, 15,600; Burlington, 9,100; Chicago Gas, 72,100; Distilling, 10,100; Kansas & Texas preferred, 3,400; Northwest, 4,100; Reading, 10,460; St. Paul, 9,200; Southern Railroad, 4,100; Tennessee Coal and Iron, 14,-800; United States Leather preferred, 13,700; Western Union, 3,000; Wheeling & Lake

Erie. 3,700. The stock market was again yesterday in control of traders, and as a result speculation was uncertain, and the great bulk of business was industrials, which are at present the favorites of the professional element. As is usual under such circumstances, rumor was busy. When it was found necessary to further depress Chicago Gas, a report was at hand that receivers had been applied for, for the companies composing the trust. Denials by the Attorney-general of Illinois and the attorney for the trust served to give the stock but little support. Rumor had it also that the Leather directory had authorized an issue of additional common and preferred stock, causing a break of nearly 2 per cent, in the preferred shares, most of which was prevailed, prices selling off sharply, Tennessee Coal losing 134; Leather preferred, 14, and Distilling, 35 per cent. In the railway list, Minneapolis & St. Louis second preferred declined 1; Panhandle pre

Pittsburg and Raymond City 34 25 per ten;

Distributed to Research t ond preferred declined 1; Panhandle pre-ferred, 1½, and other shares, ½@% per cent. Shorts soon began to cover, and the mar-ket came into better tone, Rubber declining 1½; Lake Shore, 1; Sugar, ½; Minneapolis & St. Louis second preferred, Tobacco, Ten-nessee Coal and Chicago Gas, 1; New Eng-land, 1½; Distilling and Leather preferred, ½, and the general list a smaller fraction. A marked exception was Cotton Oil, which broke 2¼ per cent. to 23½ per cent., with a subsequent rally of ¾ per cent. Directly after 11 o'clock another drive was made against Leather preferred, which resulted in a loss of 1½ per cent. The general market also changed, but to only a fractional extent. Before noon the pressure was removed from Leather preferred and a recovery of 1% per cent. was recorded, but an attack on Chicago Gas broke that stock

seriously, and communicated the weakness

to the entire list. The losses as compared with the high figures were: Chicago Gas,

ton Oil, 11/2, and Peorla & Eastern, 1 per cent. Lake Shore, New England and Alton & Terre Haute are up 1 per cent, and Erie Telegraph, 2 per cent. Bonds were quiet and with higher prices ruling until near the close of the late session, when heavy sales of the speculative issues gave a weak tone to the closing. The sales were \$1,247,000. Utah Northern fives sold at 86 against 55 the last preceding sale on Aug. 8. Other gains of dinence were: Milwaukee, Lake Shore Western incomes, 5 per cent.; Louisville Nashville, New Orleans and Mobile seconds, 4½; Pensacola & Atlanta firsts, 2; Rochester & Pittsburg firsts, 3; Western Pacific firsts and Illinois Central, 3½; Baltimore & Ohio fives, 1%, and Peoria, Deca-tur & Evansville firsts, Erie second consols, Seaside and Brooklyn Bridge Oregon Navigation collateral fives receipts, Southern Pa-of Arizonia firsts and St. Paul & Duluth seconds, 1 per cent. Hocking Valley sixes are down 2½ per cent.; Chicago Gas firsts and Consumers' Gas of Chicago firsts, 2; St. Louis Southwestern seconds, 14; Toledo & St. Louis and Kansas City firsts, 14, and Fort Wayne thirds and Dallas & Waco fives, 1 per cent.

Government bonds were firm. State bonds

Trade Quiet on Wholesale Streets-Changes in Values Slight. On the wholesale streets yesterday it was one of the most quiet days of some time past. A genuine summer duliness seemed to prevail. Prices ruled steady in all lines. Slight changes will be noticed in drugs. Sugars and coffees are both very hams. 1146: 10 lbs average, 114c; block hams. 1146: 10 lbs average, 114c; block hams. 1146: all first brands; sec-

firm, and advances any day in either line will not be a surprise. Dry-goods men speak of their trade as being up to expec-tations. Boot and shoe men and milliners are doing little. On Commission row trade is not as active as last week, still the volume of business is a surprise to the commission men, demonstrating that fruits and vegetables of home production are not abundant, and that the State of Indiana deends much on outside sections where crops have been better. Receipts are taken at good prices. Poultry, eggs and butter mar-kets are steady and unchanged. The local grain market is tame. Wheat

was 1c higher, prices of other cereals on track ruling as on Monday, as follows: Wheat—No. 2 red, 65c; No. 3 red, 63c; wagon wheat, 65c. Corn-No. 1 white 44c; No. 2 white, 43c; No. 3 white mixed, 43c; No. 2 yellow, 43½c; No. 3 yellow, 43c; No. 2 mixed, 43c; No. 3 mixed, 43c; ear corn, 41c.

THE BOARD OF WORKS TRAMPS THROUGH THE PINE-STREET LINE.

Mr. Atkinson Found It an Exceedingly Trying Trip-Its Effect

along Pine street. It is designed to carry off storm water as well as sewer, and is five feet six inches at the smaller end and six feet six inches at the outlet. It empties into Pogue's run where the proposed interceptor sewer is to make connections with it. The board members found the sewer two feet deep in water, but they braved the difficulties and walked from

Massachusetts avenue to Pogue's run. The stooping position and the bad air had a very trying physicial effect and Mr. Atkinson was nearly exhausted when he emerged into fresh air again. A reporter on an afternoon paper who was with the party was laid up in bed the next day. The house connections were inspected and the sewer was found in first-class condi-tion in every respect. It was yesterday formally accepted from the contractors.

such dangers to the public with the present approaches, as would render the city liable for damages in case of accident.

Beautifying Capitol Avenue. The Board of Works yesterday adopted an order requiring all the telegraph, telephone companies, etc., having wires on Capitol avenue to remove all surplus poles. It is the intention to remove every obstruction to the beauty of the street. The board proposes that if the property owners will furnish the rings and staples for hitching horses while the composition curb is being laid, they will be inserted without cost. This will do away with a large num-

SHORTS IN ALL THE GRAIN MAR-KETS ROUTED NEAR THE CLOSE.

Provisions Fluctuated Within Wide Limits and Wound Up the Day at a Decline.

CHICAGO, July 16 .- The grain markets were very irregular to-day, but in the end the shorts had the worst of it, although not to any great extent. Spring wheat crop getting down to quite moderate proportions. Good cash demand for wheat and small farmers' deliveries from the new crop caused only 4c per bu advance in wheat. September corn closed unchanged; September oats 1/2c lower, and provisions at declines.

For no reason beyond the speculative 41-160444c.

tactics of one or two of the bear leaders in the market wheat was depressed on the curb before the opening to a little below the price it closed at yesterday. September was offered at the commencement of the regular session at from 68c down to 67%c. Before it received sufficient support to turn it up it had sagged to 67% 667%c. It rose from the latter price to 68%, and from that declined again to 68c, with another rise to 68%c and a fall to 67%c, all these the opposition of the few big traders referred to to be severely felt, and the numerous attempts the market made to run away were thus easily counteracted. The receipts were 123 cars, of which only 26 cars were contract. The Minneapolis and Duluth receipts are 165 cars to-day, against 325 cars a year ago, but it was not until after Bradstreet's statement of the week's after Bradstreet's statement of the week's changes in the stocks of the world came in showing a decrease of 3,171,000 bu that the prices again made a bolt from the controlling influence of the crowd which is selling under the leadership of John Cudahy.

It made a jump on Bradstreet's report from the controlling influence of the crowd which is selling under the leadership of John Cudahy.

BALTIMORE, July 16.—Flour quiet and under the leadership of John Cudahy. It made a jump on Bradstreet's report from unchanged; receipts, 13,764 brls; shipments, around 671/3c to 681/4c. The bears were enaround 67%c to 68%c. The bears were encabled yesterday, and the total shipments for the week from all exporting countries 9,037,000 bu, instead of about 8,500,000 bu, as estimated on the previous day. Lower cables helped them also. Paris was 5 centimes lower, and Berlin from ½ to 1 mark higher. Export clearances from the Atflour to about 170,000,000 bu. The narrowness of the market and local character of the trading may be judged from the fact that the selling of 300,000 bu by a broker for Cush Gifford caused a break of 1c per bu. The wheat was sold at 68c and the buyers suddenly discovered that they had no use for it, and in getting rid of it broke the price to 66%667c. In another fifteen minutes it had recovered to 68c again. A good inquiry for shipment was the latest support to the market that about 250,000 bu, or perhaps

300,000 bu was reported sold.

The Minneapolis Market Record estimates the wheat crop of the three big Northwestern States at 130,000,000 bu, which would inon a Reporter. dicate a total crop, winter and spring to-gether, of not over 370,000,000 bu, making the very liberal allowance of 20,000,000 bu for spring wheat outside of Minnesota and the Dakotas. The market closed firm.

Corn was a very ragged and peculiar market. In May the shorts were to-day reporting and regretting they had not previously bought instead of having sold. Hot winds, it was reported, were damaging the hitherto magnificent growth of the crop in Kansas and Nebraska. The May shorts took in a lot of their contracts. September was comparatively quiet, while May closed was comparatively quiet, while May closed with an advance of 1c per bu. September, after ranging from 45%c to 45%c, closed at 45%c, or at the same as on yesterday. May closed at 37%c, after selling at 37%c. Today's receipts were 258 cars. Contract corn here is reduced to 1,070,000 bu.

Trading in oats was only fairly active. Fluctuations were confined to a rather narrow range, and ruled easier during the en-tire session. September ranged from 23%c to 23%c, and closed at 33%c. Receipts aggre-gated 187 cars, 135 cars of which were graded contract.

stop loss orders, and expect to bring them out by shouting the price down. They caught a few to-day, but not enough for the full extent of their purpose. A good many of to-day's transactions were for January delivery. September pork ranged down to \$10.69 and closed at \$10.85, a decline of 17½c. September lard declined .07½c, and ribs .05c. The proportion of Texas cattle was unusually large, the arrivals reaching about 3,000 head. The demand was fairly good, and the best lots were steady, but others were a little lower. Steers sold at \$3@4.25 and cows at \$2.25@3.25. A few Western rangers cows at \$2.25@3.25. A few Western rangers arrived and a sale was made of thirty-nine cows from South Dakota at \$3.25, their average weight being 985 lbs. A train of seventy-five cars of range cattle is on the way from Montana, and will reach here to-morrow. There was a light supply, not more than 18,000 hogs being offered on the market, including fresh receipts of 12,000 head Heavy hogs moved off celpts of 12,000 head. Heavy hogs moved off slowly and averaged 5c lower, while light hogs were active at advancing prices. Sales were made of common to extra heavy hogs at \$4.60@5.25, mixed hogs at \$4.85@5.26; lightweights at \$4.95@5.30, and pigs at \$4@ 4.90. The average quality of hogs received was fair for the season, and sales were largely at \$5.10@5.20. Sheep were in good demand once more, and prices ruled strong, but lambs were slow at a decline of 15@25c per 100 lbs. There was once more a marked absence of Texas and Western sheep, and the offerings consisted mostly of natives, which were saleable at \$2@2.50 for common up to \$4@4.50 for choice to fancy lots. The bulk sold at \$3@4. Spring lambs sold at \$3 @5.60, with the bulk of the trading at \$4.50 @5.25. Early in the day a few selected lambs sold to city butchers at \$6.50.
